Topic: A comprehensive lecture on shipping derivatives and risk management which covers the aspects of financial risk in shipping. The lecture provides a thorough overview of the practice of risk management in shipping with the use of examples and real-life applications.

Speaker: Nikos Nomikos is Professor of Shipping Risk Management at Cass Business School and Director of the MSc course in Shipping, Trade and Finance. He commenced his career at the Baltic Exchange where he worked on the development of the shipping indices currently used in the market as pricing benchmarks. His area of expertise is Ship Finance and Risk Management. Professor Nomikos has collaborated with a number of companies both as consultant as well as educator and has published more than 50 papers in leading international academic journals. His views on

commodity and shipping markets are also frequently profiled in the press. Professor Nomikos holds a BSc in Economics from Athens University of Economics and Business, an MSc in Shipping, Trade & Finance (Distinction) from Cass Business School and a PhD in Finance from Cass Business School. He is also a Member of the Institute of Chartered Shipbrokers.
