

Baltic ICS Member lectures

SERIES 2

The Baltic Exchange and Institute of Chartered Shipbrokers present the second series of lectures in Shanghai, Singapore, Athens and London; intended to support and develop those working in chartering and operations.

The series will examine topical issues facing those working in these roles, offering advice on best practice in critical situations and insight into the changing patterns affecting sectors within shipping.

Taking place near the end of every other month and including lunch where applicable, the lectures are free to all those working at Baltic or ICS member companies. Supported by the major broking houses, this initiative is aimed at supporting those developing their careers in shipping and encouraging better advocacy across the future generation of industry leaders.

CHARTERPARTY PITFALLS & HOW TO SALVAGE

Lecture no. 2 of 5

Join a masterclass from the legal experts as they run through recent example cases, highlighting the negotiation pitfalls and examining the point at which arbitration could have been avoided (Shanghai, Athens and London).

In Singapore, Nick White of LOC, will run through the salvage business and how to move forward when disaster strikes, highlighting examples and exploring technical issues.
