SHIPBROKERS

# MARITIME WORLD EXPLAINED

An extensive one-day course providing a  
comprehensive introduction to the shipping industry

LONDON: 4 Sept / 16 Oct / 13 Nov

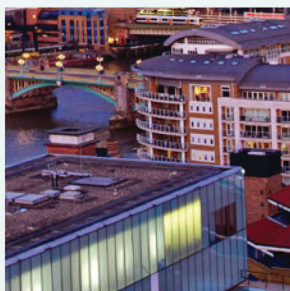

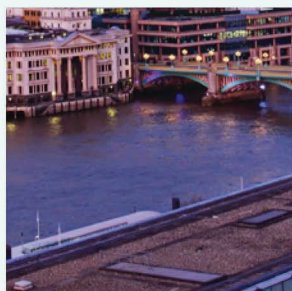

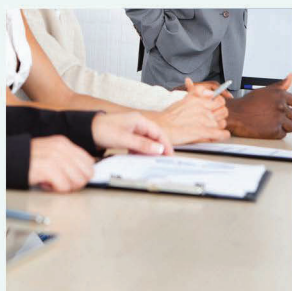

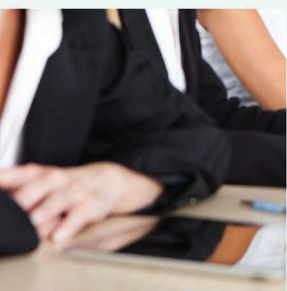

## PROFESSIONAL DEVELOPMENT COURSES

By practitioners  
for practitioners

The London School of Shipping offers an extensive range of face-to-face programmes in commercial shipping disciplines, ideal for new starters or those working in the business looking to further their knowledge in specific industry sectors.

The programmes are led by experienced course leaders supported by visiting expert practitioners from the extensive London maritime community.

Courses are held in our modern dedicated facilities close to London Bridge. We look forward to welcoming you soon.

# PROGRAMME

## Maritime World Explained

**Duration: 1 day**

30 Park Street, London SE1 9EQ

**Course Leader:  
Nic Ingle**

Nic was the Executive Director of the International Dry Bulk Terminals Group (DBTG) which represents dry bulk terminal operators globally and was previously commercial manager at the Institute of Chartered Shipbrokers. He began his career at a grain terminal in the UK before taking up maritime studies at the University of Plymouth where he gained a BSc in Maritime Business and Maritime Law and an MSc in International Shipping and Logistics, and worked at the UK Department for Transport in both maritime and aviation.

**Description:**

An extensive one-day course providing a comprehensive introduction to the shipping industry including discussion sessions, workshops, group activities, games and multi-media presentations. The day provides participants with plenty of opportunity to ask questions, explore concepts and work through practical cases. Includes free copy of Institute coursebook.

## Section 1

### The Significance of Shipping

An overview of how shipping has evolved into the global industry it is today, looking at key markets and major trade routes.

## Section 2

### The Sectors

This section focuses on the three sectors that make up the majority of shipping activity; wet, dry bulk and liner trades.

## Section 3

### Cargo Handling, Ports & Beyond

Section three looks more closely at the port, at cargo handling and infrastructure.

## Section 4

### Practitioners

This section examines the various parties involved in the maritime sector and their interaction with each other.

## Section 5

### Documentation

Section five examines some of the significant documentation used in the industry.

## Section 6

### Interactive Workshop

The groups work through a given scenario together, and apply what they have learnt from the course.

The course can also be organised upon request on an in-house basis. The cost of this course is held at £395.00 per person, including all course materials, lunch and refreshments. Discounted rates may apply to companies interested in sending multiple attendees. To find out more and for the next available course dates, please visit:
