

Executive MBA

MARITIME LEADERSHIP

Leadership Redefined

**Responsible
leadership
for a complex
world**

Transform the way you lead

Our Executive MBA is designed to shape you into a leader of tomorrow. AMBA accredited, it will challenge the way you think, how you see problems and how you can solve them. It will inform and transform your leadership skills, and develop not just your ability to BE a leader but to be a BETTER leader.

Maritime Leadership EMBA

Blending leading edge theory and practice in management with commercial shipping content, this pathway is designed for maritime industry leaders. You will address the diverse and complex issues - legal, technical, commercial, geopolitical - facing an industry on the cusp of significant change due to the growth of new data systems and the advancement of connected technologies.

Core Modules

- Strategic Management
- Understanding Organisations and Organisational Change
- Leadership
- Systemic Management and Complexity
- Accounting and Finance
- Marketing
