**ICS Humber Cycle Ride**  
18th June 2021

Present circumstances have forced us to rethink our Humber Branch annual event.

If we cannot gather for our annual dinner as we did for the past 101 years... we can join this **great outdoor event organised by the ICS Humber Branch for 2021.**

We invite you to take part as riders or just cheer and celebrate for a drink at arrival!

Please note that the ride will be broken down into legs so that cyclists may choose to take on a distance that best suits their ability and aspirations!

**For all details and to participate please email: [humberadmin@ics.org.uk](mailto:humberadmin@ics.org.uk)**

For over a century ICS has been the home for professionalism in shipping worldwide, helping thousands of young shipping folks to develop their skills and knowledge and become fine specialists serving our industry with professionalism.
